Dear Hiring Manager;

Thanks to the Tunisian American Enterprise Fund, I found the opportunity to apply for the internship offer at Dabchy Company. And as I am looking forward to enrich my professional career, it's clear that your company is the best place for my first step in the "professional world". For that I am certain that I have the necessary skills to successfully do this internship and perform above expectations.

I am a focused university student (first year of IT engineering) currently attending ESPRIT. I have been consistently praised as adaptable and responsible by my professors and peers. While working on academic and extracurricular projects, I have developed proven language, organizational and leadership skills, which I hope to leverage in this internship role at your company.

After reviewing my resume, I hope you will agree that I am the type of competent and avid learner candidate you are looking for. I look forward to elaborating on how my specific skills and abilities will benefit your organization.

Thank you for your consideration, and I look forward to hearing from you soon.

Sincerely,

Amira DOGHRI

IT engineering student at ESPRIT
