

TAEF Fellows Program

New Interview Internship Questions :

Date	8/07/20.
Name and Last Name	CHAYNA BEN DHAFER
Company(ies) selected	ONBOARD
Major	Data Scientist - S.A. engineering
University	INSAT
Period of Internship requested	2 mois (Juillet/Août).
1. What are you most passionate about learning — personally or professionally — and why?	I want to add value at the community, I want to join innovative projects. Professionally, I want to become an independent woman who has her voice.
2. Can you walk me through the impact of a project that you worked on?	I worked with AIESEC & JCINSA about welcoming students to promote the tourism. I think we helped our country. It was very successful.
3. In what ways would you like to create value as an intern?	At onboard, integrating an AI Company is always interesting. I will be in a very interesting project (Q&A system)...
4. Why did you pick your major?	I chose ENSAT because I heard that I will be very active I was also very passionate about software engineering and artificial intelligence.
5. How would your best friend describe you?	He describes me as a hard working girl and reliable.
6. What's an accomplishment you're most proud of?	I try to accomplish all my goals. It was hard at first at ENSAT I participated at a competition and we were at the second round.
7. What was your biggest mistake?	I created a lot at the second year of ENSAT but I realized it was not good at health.

8. What do you do beside going to school?	I was part of 2 Gov of associations. I like walks & work with associations. I help them and the community -
Rating and comments:	Very good candidate. Good English -
