Subject: Internship application for end of study project

Currently a 2nd year Master's student in E-Management at ESSECT (Higher School of Economic and Commercial Sciences of Tunis), I submit my application for an internship graduation and I seek your attention to study my application for a trainee position within your institution.

I would like to request an organization such as yours, where I can not only understand the whole business of the collaborative softwares but also to benefit from your experience especially in the IT world. That's why I highly want to integrate your company.

My previous experiences have allowed me to adapt to different cultural and professional environments and to develop qualities of openness and organization. Dynamic, motivated and perseverant, I am also passionate about well done jobs and I also have the ability to invest and be available.

It is for this reason that I would like to be able to use and upgrade my knowledge in an organization such as yours which represents for me a reference in the sector of the collaborative softwares.

I would therefore like to join your Research and Development team to do my four-month practical internship: from February 1st to May 31st. You will find attached my resume that will tell you more about my career.
