Dear Hiring Manager, May 30th, 2019

Object : Startup Marketing Intern

I'm writing to you regarding the marketing role that you are offering. I came across the job description on taefund.org and was delighted to find that my academic accomplishments meet most of the necessary requirements. I am seeking a challenging internship with a chance of learning, which is why I was drawn to this exciting opportunity.

As a business student at the Institute of Advanced Business studies (IHEC) Carthage, I have acquired skills in advertising, customer relationship, mix marketing, and market research. Currently I have been among the top students every semester. Thanks to my studies and my community work experiences, I have strategically learned the following skills:

- Negotiation
- Marketing Communication Strategy
- Survey Research
- Strategic Social Media Marketing
- Project Study

Using my knowledge of the above, I designed a communication plan based on social media and direct promoting for two events made by "4C ISCAE" and it attracted a high number of students from all around Busines Schools in Grand Tunis.

I would be delighted to have an opportunity to personally interview with you. Please accept the enclosed resume and feel free to contact me at your earliest convenience. I appreciate your time and consideration.

Yours sincerely,

Khouloud BEN AZIZA
