Dear Sir/Madam,

I'm writing to you to express my interest in the Program Operations Position as advertised on TAEF website. As a Master Student in Entrepreneurship at the Higher Institute of Commercial Studies, Carthage with deep knowledge about startups and the entrepreneurial ecosystem here in Tunisia and elsewhere in the world, I believe I'm strong candidate for an internship at Flat6Labs Tunis.

During my time at University, my goal was to be involved in entrepreneurial work, and I found that joining the ENACTUS Carthage team would be a perfect fit to my aspirations. I believe this 2-year experience taught me a lot about leadership and team work.

I was fortunate to have taken on positions of responsibility in various other associations. I joined Carthage Information Technology by taking part in the organization of training courses and conferences. I have been Secretary General for External Affairs and financing within Tunisian International Model United Nations. My responsibility was to establish the fundraising policy and coordinate the public relations of the association as well as relations with the foreign United Nations Models.

I'm currently involved in a sport association, Running Club Tunis. As a half-marathoner, I'm helping and guiding new members to start running and setting personal goals and make sure they reach them.

I also participated in Open Startup Tunisia, a Startup Competition in partnership with Columbia Engineering and Business School to support Tunisian youth eager to open up to the world and thrive. It brings together students from different disciplines, across universities and regions and boosts their innovation and team work skills to solve global problems. My team and i made it to the 3rd place of the final competition.

My maturity, my organizational skills, ability to work with others, my various experiences and deep knowledge of startups and the Tunisian and Regional entrepreneurial ecosystem will make me an asset in your company.

I have enclosed my resume.

Thank you for your time and consideration,

Sincerely,

Maha Khannoussi
